

Dear Woods Family and the Under the Tree Foundation,

Words alone cannot describe our gratitude for all you have done to make the Holidays a truly memorable and magical experience for our teens. Each teen received a gift from the Under the Tree Foundation, along with the school supply and toiletry box. Your generous donation will help to purchase furniture for the teen center renovations. The highlight of school vacation for the teens was our trip to the **“Under the Tree Foundation’s Frog Pond Skating Adventure”!** The kids really enjoyed themselves and are still talking about it.

We thank you for these amazing opportunities and hope you know that you really made a difference in the lives of the teens. It is our wish that one day these teens will in turn give back to others when they reminisce about the wonderful experiences they had through the Club and the Under the Tree Foundation.

Thank you and may you enjoy a happy and healthy 2009!

Respectfully,

*Mary Scannell*
